Horse Rope Products

Looking for high quality natural horse rope products? We have what you are looking for. Every halter, lead rope, rein, and bosal are manufactured here in the United States of America. We only sell high quality products made from rope that passes our unique testing process.

Key Benefits of CB Knot Horse Rope Halters

- Halters are made using a continuous piece of rope.
- By not using metal, owners do not have to worry about hardware breaking during training.
- Rope Halters are easy to use and clean.
- Fiador knots not only look nice, but they minimize rope twisting.
- Halters are adjustable at the fiador knot
- Each halter is pre-stretched to prevent further stretching during use.

Currently, we sell our horse rope products wholesale to businesses, ranches, trainers, university programs, and government entities. To set up a wholesale account, please call us toll free at: 1-866-356-6889.

Our Mecate reins with horse hair tassels all have buttons braided with rawhide. Alex, our rawhide braider extraordinaire, is one of the best in the United States. Where other manufacturers bring products in from overseas, we value the high quality work and craftsmanship of our braiders. Using top of the line rope, each product is manufactured for many years of usage. We manufacture horse rope products for many of the world's leading trainers.
